DISCUSSION: COUNTY/CITY COOPERATION ON MUNICIPAL BUILDING

City Administrator Vance Bishop informed those present that the City agrees to build the disputed holding facilities in the proposed building, if the County will agree to maintain the facilities and participate in the building of the common areas and meeting chambers. The possibility of decreasing the size of the meeting chambers and still being able to meet the population growth was debated. Those present discussed the responsibility of the County to provide and maintain holding facilities. County Sheriff Phillips stated that he wished to renew his commitment made previously to the City Council that the County will provide temporary holding facilities in the Delta area. He said that he has investigated options such as remodeling the old jail, mobile jail units and etc., and would have been further along if the City building project hadn't been started.

There was discussion on the possibility that the County may have to utilize the old hospital for offices, because a new one may be built and the old hospital turned over to the County. It was suggested that the hospital could be put on the open market and County facilities provided at the new City building more economically.

The terms of the agreement between the City and County were discussed. Commissioner Maxfield requested that the Council consider scaling down the building and that a final proposal with dollar figures be given before a decision could be made. An estimate of County costs of \$160,000-.00 to \$173,000.00 was given. Sheriff Phillips stated that if the County is charged with maintaining the building, he would like to work with the architect in the planning stages of the building.

Councilman Don Bird MOVED and Councilman Morrison SECONDED a motion to

adjourn. Mayor Nielson adjourned the meeting at 11:25 a.m.
